

*mother nature*

*mother superior*

**Some things are better than others.**

**Like building-control systems that boost efficiency and simplify operations.**

The leader in building-control systems offers the first advanced, cost-effective system for smaller buildings: Honeywell's Light Commercial Building Solution (LCBS).

Only LCBS combines quality Honeywell components with advanced Echelon® LonWorks® communications technology, giving you freedom to choose the products you want with the features you need:

- Improves comfort, safety, efficiency and flexibility
- Saves time on energy and service calls
- Three-way cost savings: initial purchase and setup, daily operations, lifecycle
- Ideal for small- to mid-sized buildings

Now isn't that better?

*Better Than Ever.*

**Honeywell**

## LCBS Architecture
